OSZNM145	**Educational science and psychology for teachers**
	The state final pedagogical and psychological examination verifies the basic teacher competencies for the performance of the teaching profession. The student will achieve teacher competencies by completing compulsory subjects. The content of the pedagogical and psychological examination includes two interrelated pedagogy and psychology topics. Individual topics lead to the application of pedagogical and psychological knowledge for teachers in elementary and secondary school. The examination contains a teacher portfolio. The student demonstrates with the teacher portfolio the obligatory pedagogicalpsychological practice and the ability to reflect this practice. During the examination, the student will demonstrate knowledge of the pedagogical and psychological theory and at the same time the ability to apply this theory to specific issues of the teaching profession. Examination topics include teaching and learning, curriculum and curricular documents, planning, work with educational goals, evaluation of learning outcomes, pedagogical and pedagogical-psychological diagnostics, teaching models and teaching strategies, methods and organizational forms of teaching, didactic, pedagogical communication, work with students with special needs, risky behavior of pupils, school and classroom climate, family issues, school counselling services, the legal framework of teacher work, professional development of teachers and coping with difficult situations in the teaching profession.
